

16-22 August 2025

MAPPING THE FUTURE: INNOVATION, INCLUSION, AND SUSTAINABILITY

Invitation for

INTERNATIONAL CARTOGRAPHIC EXHIBITION

The **32nd International Cartographic Conference (ICC 2025)** Local Organizing Committee (LOC) invites all National and Affiliate Members to participate in the International Cartographic Exhibition. This significant event showcases the latest advancements in cartography from around the world.

Event Details:

- **Dates:** 16-22 August 2025
- **Venue:** Vancouver Convention Centre, Vancouver, British Columbia, Canada
- **Unveiling Ceremony:** 18 August 2025, at 10:00 AM
- **Exhibition Dates:** 18-22 August, 2025

Throughout the week, conference delegates will have the opportunity to explore a diverse range of cartographic materials displayed on panels and tables.

Registration:

National and Affiliate Members involved in the coordination and selection of cartographic products for the Exhibition are asked to **register on the ICC website** to ensure the maximum number of entries per country is not exceeded. This will also allow the LOC to provide guidance and support throughout the planning and setup process. More information to come.

We look forward to your participation in this significant event, which promises to be an enriching experience for all delegates.

For any questions or further information,
please contact **Dr. Julia Siemer** at info@icc2025.com.

CATEGORIES

1. MAPS

This category includes any digital and non-digital maps. Physical maps (non-digital) will be displayed on panels/poster boards. Digital maps are required to be displayed by means of posters, including QR codes to allow attendees access on individual devices. The posters will be displayed on panels/poster boards.

2. CHART PRODUCTS

This category includes nautical and aeronautical charts which will be displayed on panels/poster boards. Also included are navigational products which need to be displayed on tables.

3. ATLASES

This category is for both physical and digital atlases, whether composed of maps or charts. Physical atlases will be displayed on tables. Digital atlases are required to be displayed by means of posters, including QR codes to allow attendees access on individual devices. The posters will be displayed on panels/poster boards.

4. EDUCATIONAL CARTOGRAPHIC PRODUCTS

This category includes both digital and non-digital educational cartographic products. The non-digital products will be exhibited on tables. Digital products are required to be displayed by means of posters, including QR codes to allow attendees access on individual devices. The posters will be displayed on panels/poster boards.

5. PHYSICAL CARTOGRAPHIC PRODUCTS

This category is for all physical cartographic products, which otherwise do not fit into the previous categories, including relief, globes, and tactile maps. These products will be exhibited on tables.

6. DIGITAL CARTOGRAPHIC PRODUCTS AND SERVICES

This category includes on-line (web-based) digital cartographic products and services that may also include maps, charts and stories. Digital cartographic products and services are required to be displayed by means of posters, including QR codes to allow attendees access on individual devices. The posters will be displayed on panels/poster boards.

This category is not part of the cartographic competition and will not be judged.
