

Call for

# STUDENT PAPER SESSIONS

The **Canadian Institute of Geomatics (CIG) student chapter** invites Doctoral and Master's students to share their research, practice, and experiences in Cartography and Geographic Science at the **32nd International Cartographic Conference (ICC2025)** to be held in Vancouver, British Columbia, Canada from **August 16 to 22, 2025**.

Graduate students are encouraged to submit an abstract through the conference submission system at <https://icc2025.com/abstracts/> using the default templates by **January 15, 2025**, and select the conference theme: "Student Paper Session."

- Selected abstracts will be invited to submit a full paper for the "Student Paper Session" or another technical session relevant to their research theme.
- Students whose submissions are accepted will be invited to present their work in English at ICC2025, either as an oral presentation or as a poster. Accepted submissions will be included in a conference publication.
- The presenting author must register for the conference. Submissions from active CIG student members will be considered for the Best Student Paper award.
